

Please join The Upstate NY Coalition to Ground the Drones & End the Wars

Thursday, October 15, 2015

The College at Brockport -- SUNY

Seymour Union

The Upstate Coalition to Ground the Drones and End the Wars is walking from Hancock Air Base near Syracuse to the Niagara Falls Air Base. Both bases are sites of drone operations, including training and remote piloting of drones over Afghanistan.

We seek to heighten public awareness of the mindless murder and relentless terror perpetrated in our names by the use of killer drones on terror suspects. Outdoor markets, wedding parties, and village meetings have all been subjected to drone attacks. This is not a way for America to make friends.

The Walk, scheduled for October 7-21, will include outreach programs at colleges and community centers along the way, including Rochester, Brockport, and Niagara Falls.

- 12:00pm: Informational Table
 - 2:00pm: Join us as we “Fly Kites -- Not Drones”
 - 7:00pm: Panel Discussion on the Ethical Issues Surrounding Drones
- Film Screening: [Unmanned: America's Drone Wars](#)
