

Harry Murray's Sentencing Hearing (videos)

Harry Murray initiated a discussion about drone warfare, and about civil disobedience with Judge Gideon at his sentencing hearing, and through a sentencing memorandum sent to him before this hearing. You can read that memo in the previous post, if you haven't already read it. There was some disagreement regarding how those of us present felt about Judge Gideon's response. You should read the memo before deciding what you think.

You can see a complete video by *Wilton Vought* of the Press Conference and Harry's Sentencing Hearing [HERE](#).
