

Sentencing Statements from Hancock 17

February 7, 2014, the 13 remaining defendants in the Hancock 17 trial were convicted of Disorderly Conduct by Judge David Gideon in DeWitt Town Court for participating in a protest on October 25, 2012 where they symbolically blocked the gates of Hancock Air National Guard Base to protest the very real piloting going on within the base of deadly MQ9 Reaper Drones over Afghanistan.

Each defendant was fined of \$250, served with a 2 year Restraining Order on behalf of Col Earl A. Evans and and sentenced to 15 days in jail. [Click here to view videos of their responses to the verdict.](#)
