Rally at BAE Systems in Endicott @ 11 AM
and at Lockheed Martin in Owego @ Noon

These are two of the top ten weapons makers in the world, BAE Systems (#3 according to their website) and Lockheed Martin, the indisputable #1 weapons maker in the world. We must demand they make products that support life; sustainable energy, medical needs, maintenance of domestic infrastructure and more. They must transform their work to manufacture tools of peace rather than tools of war.

This action is co-sponsored by: CodePink, World Beyond War, Veterans for Peace, Ban Killer Drones, Pax Christi and United National Antiwar Coalition

The Time is Now!

We must beat our Weapons to Plowshares
